Sub: request for fee Concession

Respected Sir / Madam,

Most respectfully I would like to request you to kindly consider my application. Me Jenden Lhamo Luring, born in Chiding Village in the upper Mustang district. I finished +2 study in 2015 and I secured first division. Now, finally I got the opportunity to join your Sowa Rigpa International College. Since my childhood I am very interested to study Tibetan Medicine But But unfortunately I have one big problem: my family background is very poor. My Parents are small farmers and I have 8 brothers and sisters. So together we are 9 children and I am the eldest. After my +2 my parents told me to discontinue my studies But I have a great desire to carry on my studies further. Fortunately, now, I got the golden opportunity to join your Sowa Rigpa International College and ~~they~~ then my parents finally

agreed and are happy if I can study Tibetan Medicine. But they do not have the potential to support me financially. Therefore I really need help from you and I request you to kindly kindly consider my situation and grant me a fee concession

I look forward to hearing your kind consideration

yours faithfully
