

Respected Sir/Madam

Myself Lobsang Gyaltzen was born and brought up in a nomadic family of a rural area, called Tsawa pasthod province, Tibet. I spent my childhood life as shepherd and herdsman. Even though I had great interest on studying, it wasn't possible as my family unable to pay for it. I had wasted my precious childhood period but studied Tibetan in later years.

Fortunately, I escaped to India in 2009. Since then I admitted one private institute and studied both Tibetan and English 2015. I really worked hard, which was my great challenging of life to complete grade 10, 11, 12 within these short period in institute called National Institute of Open Schooling (NIOS) in India.

Now, I really feel that I am very lucky to be part of Iowa Rigpa International college because doctor is what I dreamed to be since my childhood.

But, I am facing a problem regarding my college fees which I cannot afford, so, if you kindly help me in this favour, I can continue my study and complete this five and half years of course and will be succeed in.

gaining my aim to become a doctor.

Hope to get your kindness at the earliest time.

Your sincere
Lobsang Gyaltzen
