RE: Scholarship Application.

I am hereby writing you in relation to Scholarship program of you have placed for the needy student of Sowa Rigpa International College. I qualify for the scholarship by meeting all set standards.

I'm a student from a normal middle class family. My permanent resident is in Jethal-07, village of Sindhupalchok district. Sindhupalchok is one of the worst-affected districts as a result of the earthquake that took place on 25<sup>th</sup> April, 2015. The devastated earthquake had damaged entire houses in my village including mine, many become homeless and many died. Presently, I live in Boudha with my family members. I'm a student struggling to build up the career with the motivation for helping others.

I did my schooling from Kailash Bodhi Sec. School, Kathmandu and had completed my class 12 from Universal College. I have achieved good grades throughout my academic career and committed to continue in same manner. Recently I'm studying in your college as a full time student. I am very much interested in

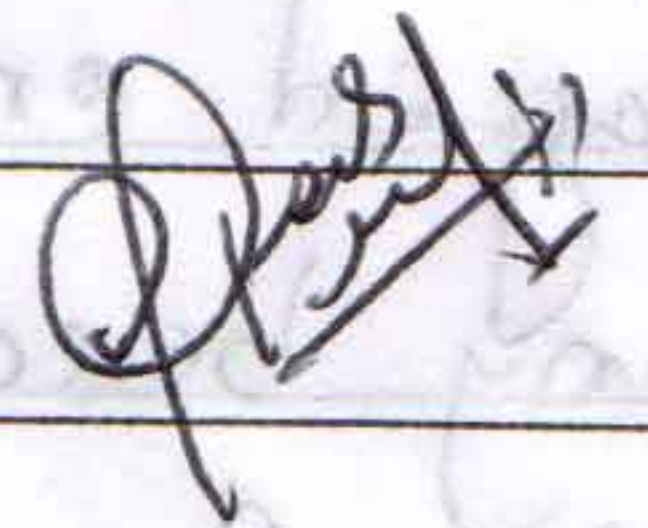

learning the Buddhist method of healing 'the Sowa Rigpa Medicine'. I feel very fortunate to study in this college but at the same time the problem of financial crisis has made me difficult and in trouble. So, I'm here writing you for scholarship which I need the most at this learning phase of my life.

A Scholarship program is certainly a ray of hope for me to continue my study without any financial hindrance so that I can perform up to my potential.

I'm looking forward your positive response. I will be really thankful for this act of kindness and consideration. I will be obligated to provide any further information regarding my application.

Sincerely,  
Pemba Dolma Lama.
